

# SEASON OF CREATION

CALENDAR  
1 SEPTEMBER – 4 OCTOBER

'The care of creation, seen as a shared gift and not as a private possession, always entails the recognition and respect of the rights of every person and every people. The ecological crisis now affecting all of humanity is ultimately rooted in the human heart, that aspires to control and exploit the limited resources of our planet, while ignoring the vulnerable members of the human family...'

Pope Francis, 2018
